

The Invitation

Dear Friend of Camp Arroyo Grande,

This is your invitation to “change lives” through service on the *Camp Arroyo Grande Site Committee*.

The principal duties of the *Site Committee* are 1) to promote the camp site and 2) to implement the comprehensive master site plan. This includes the development of financial resources to grow program, maintain the camp site, and expand the ministry through the implementation of the master site plan.

The *Site Committee* is made up of two task forces. The “Publicity” Task Force focuses on the promotion of the campsite and the cultivation of leadership. The “Development” Task Force identifies and develops the financial and human resources needed to expand the program, maintain the campsite and implement the comprehensive master site plan.

The *Site Committee* is responsible to the *Board of Camping, Outdoor, and Retreat Ministries* and meets bi monthly. Individual task forces and specialized sub groups may meet between meetings to complete their respective tasks

The *Site Committee* has the formidable challenge of renovating and building new facilities which will better meet the needs of your congregation and the community you serve. We need “support from” and “connection with” your congregation.

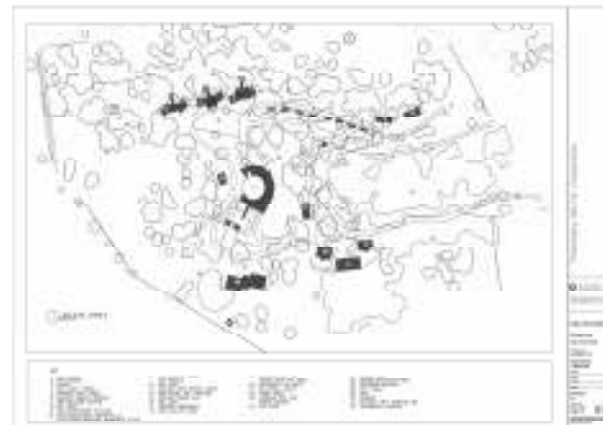

Please pray for our camp and retreat ministry and this opportunity for you to serve Christ’s church.
